The EPA has approved nearly 100 certification programs, and provided them all an identical bank of test questions. However, more of your peers have selected ESCO than any other. Why? ESCO offers the simplest ways to offer the Universal exam! The ESCO preparatory manual covers everything on the Universal exam in only 12 pages.

Free practice Exams To further help prepare for the exam, test takers can take free practice exams at www.escogroup.org. There is no software to download or install. Simply click and take practice exams from any smart phone, tablet, laptop or PC.

Certification

Written test consists of 100 multiple choice questions. The test is broken down as follows:

CORE Exam:	25 Questions
TYPE I	25 Questions
Small Appliances	
TYPE II	25 Questions
Med,High, & Very High Pressure Refrigerants	
TYPE II	25 Questions
Low Pressure Appliances	

If you pass the COSE & TYPE I,II, & III you will receive what is called the "Universal Certification". CORE & TYPE II is all that is required for residential and light commercial HVAC.
