

# Universal R-410A Safety Training

The R-410A Safety Training Program addresses the issues of safe handling, training and certification with the use of R-410A.

## Training Manual

English Item: 410APM | ISBN: 1-930044-12-7

Spanish Item: 410ASPM | ISBN: 1-930044-30-5

Copyright: 2002 | Retail: \$39.95

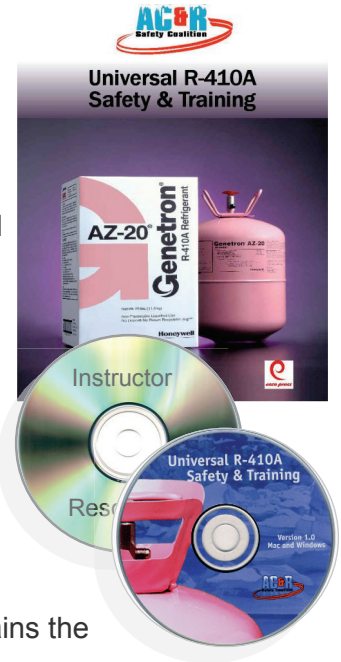

This 102 page training manual provides necessary training and practical knowledge to safely service systems containing R-410A and R-407C, the R-22 phase-out, appropriate refrigerant and oil applications, service techniques, and safe handling of R-410A.

## Interactive Training CD

Item: CD410A

Retail: \$29.95

This CD is an excellent training tool that fully describes & explains the refrigeration cycle.

## Certification

The AC&R Safety Coalition exam validates that a person possess the knowledge to safely work with this refrigerant and helps reduce liability.

This 50-question exam covers proper safety, handling, and application of R-410A refrigerant systems. Persons who pass this examination receive a certificate and an AC&R Safety Coalition R-410A patch.

\$35.00 Test Fee
